SUSSEX  
CANCER  
FUND

*The Sussex Cancer Fund for Treatment and Research is an independent charity working to improve cancer treatment for thousands of Sussex people each year.*

*Patients' needs could never be completely met without the help of the Fund, but as our success increases so do the numbers who look to us for help.*

**One in three people in Sussex will suffer from cancer.**

**Your thoughtfulness will help us to help them for years to come.**

With your help we really can make a difference for local people in Sussex. Our record shows that most people can be helped and many cured with our sophisticated equipment and dedicated team of consultants, nurses and radiographers.

The Sussex Cancer Fund has worked hand in hand with the NHS to create new and improved facilities, helping make things more attractive, comfortable and effective for patients.

But to carry on this vital work and provide much needed new treatment areas we need your help.

The gift of your legacy will ensure that we achieve our aim of making things better for our patients with the best possible cancer treatment now and in the future.

Leaving a legacy to the Sussex Cancer Fund is straightforward - your solicitor will explain and organise this for you.

**Please remember us in your will and help us to help others**
